## GSU Grad Students Present Research at National Convention

University Park, IL, August 10, 2010 – Presenting at a national conference is a great achievement for any professional. For Governors State University graduate students Eric Melton and Mike Crane, their presentation at the convention of the North American Society of Adlerian Psychology in June was the culmination of their studies and research and a great experience.

Melton of Lombard and Crane of New Lenox are both students in the Master of Arts in Counseling, School Counseling sequence at Governors State University. Their poster presentation was entitled "Win Them Over: Adlerian Methods Applied to Contemporary Adolescent Issues."

"Their presentation grew out of two wonderful papers they did in the course of their graduate studies," said Dr. Julia Yang, professor of school counseling. "This is a high achievement considering all the other presenters were either long time Adlerians, new professionals, or doctoral students."
